

OCCUPATIONS AND AVOCATIONS

UPDATED IN 2008

In December 1999, Fred Short, an active member of the [Dwarfism List](#), asked short-statured members of the list to post some information about their lives. What follows is the result. The purpose of this is two-fold: to give members of the list a chance to catch up on what everyone is up to; and to give new parents of dwarf children an opportunity to see the enormous range of opportunities that are open to them. What follows is Fred's final posting, complete with part of his introduction. The list itself is pretty much unedited, including Fred's Britishisms.

Date: Sun, 26 Dec 1999 12:37:45 -0000

Subject: [dwarfism] Congratulations! YOU, did it!!!!!!!!!!!!!! The Century of Success for the Millennium!

From: "Fred Short" <Fred@erickshort.fsnet.co.uk >

You did it!

We now have something really positive to show the world that there really is "Good Stuff in Little Bundles!"

We prove that the future really IS Bright for all LPs and especially for parents of brand new LP bundles of joy:-)

So please, this is YOUR list! There is NO copyright on it. This is YOUR Century of Success for the beginning of the new Millennium. Please, pass it on, show ANYONE and everyone who may be interested. Especially show it to those who can benefit from the re-assurance that LP's do add a tremendous amount of positive contributions to the society in which they live!

Thank you very much for your support in helping to compile this beautiful picture of achievement.

Your comments on how you think it can be improved would be appreciated.

Merry Christmas, and a bright future to you all.

Fred

2008 Update

Somehow I got the inspiration to try to update this fantastic list of occupations. I thought that those who are already on the list would like the chance to bring their listing up to date with any changes that have occurred in their life over the last 8 years. I also realised that there would be people in employment now, who were probably still at school then.

So, what with updates and newcomers, I am happy to see that the List of a Hundred, is now the List of over TWO Hundred.

I hope reading it gives you as much pleasure as it gave me helping in its creation.

Fred

Aaron – aged 28 - Achondroplasia - Candidate for a Master of Fine Arts Degree at the University of Georgia (only 9 students selected to attend every 3 years)

Adelaide, my type of dwarfism is presently still undiagnosed.

I have a Masters Of Fine Arts degree; worked as a Theatre Set Designer for thirty years in various theatres in several states before retiring.

Alan G. - teacher, psychologist.

Amy Rusak - I am a marketing student and a volunteer clown

Angel Shields - I'm Diastrophic. I am a CADD (Computer Aided Drafting and Design) Tech.

Angie Tweet- Age 27 - Achondroplasia - Office Manager

Anna- aged18 – Larsen’s Syndrome (I just found out on the internet that it was a form of dwarfism). After struggling through my first 2 years of high school I decided to get my GED instead. Then I plan on taking a computer class with my mother. I have taken 2 Chinese classes and 1 medical terminology class. I also am on a pediatric family advisory committee at the hospital as well as a volunteer on the pediatric floor and for an out patient clinic.

April Brazier - I am 23 years old and just graduated from college. I went to school for communications and Computer End-User Technology. I currently work for the University of Wisconsin-Madison Hospitals and Clinics. I work there part time doing computer work and other executive-assistant-like things. I also have another part time job as a technology assistant for a local school district. I go around and fix computers. I've worked both these jobs to get my butt through school. **2008** Clinical Applications Specialist

Aucott - Twenty-two years of employment as a casino executive who exclusively oversees high limit table game action from the gaming pit. "Licensed professional card dealer and instructor of blackjack, baccarat, mini-baccarat, poker, paigow poker, let it ride, red dog, roulette, big wheel, Caribbean stud poker, Keno, Sic Bo, mah jong -- all table games."

Barb – severe form of O.I. – aged 20 – just got my first job working at Walmart.

Barbara Spiegel – aged 29 – Achondroplasia – Pre-school Teacher

Beth Reeves - I am an office manager for a trucking company. I know the road construction from the inside out.

Bill Bob Brower - Supermarket controller, retired, & Real estate Broker.

Billie Elaina Edge -Metaphyseal Chondrodysplasia, Schmid – Fashion designer

Bob M. - retired actor.

Brad – Achondroplasia - Motorcycle mechanic

Brad Clark - age 14. All honours classes, manager of the 8th grade basketball team, and President of Student Council (voted into this position by the student body - over 1200 students!!!!)

Brenda Prather – Age 46 – Achondroplasia - Information Center Manager (Librarian)

Butch Carlisle - I've worked for NBD/ BANK ONE for 20 years. I worked in the INDIRECT LOAN DEPARTMENT. I am now working for the FINT BOARD OF EDUCATION as a TEACHER AIDE. **2008** a school bus aide for a special needs school. I help to get kids who are chair users and the like on and off the school bus

Candy H. - High School Senior and working in the box office of local theatres selling tickets.

Carol C. - undiagnosed short stature - teacher. **2008** -- ex-radio journalist/newsreader; qualified ESOL and speech/drama teacher; writer & director of plays for children; semi-professional actor; two Bachelor degrees.

Carole H. - achondroplasia - accounting technician for the US Dept of Agriculture

Carolyn Strange Boursse - aged 59 - Pseudoachondroplasia - French/Spanish High School teacher (Retirement date: Friday, June 13, 2003 after 36 years of teaching)

Casey Hubelbank - aged 26 - Cartilage Hair HypoPlasia - Educator

Charity H. - age 5 - pseudoachondroplasia - Kindergarten student

Charles Cravens - BS Education, MEd Education, currently working as a computer consultant.

Christopher Horndt - I'm an accounting student, but will be taking 2 or 3 semesters off to pursue some other interests. I wish to get an accounting position with an airline or hotel.

Christopher Hermon - Achondroplasia - Qualifications: BSc.(Hons) Life Sciences, MSc. Medical Molecular Biology. Career: 5 years working in Medical Research. Followed by 10 years approx in various positions in Charities, social services, advertising sales, photography. Last 5 1/2 years have been spent in Magistrates Court administration in South East London Magistrates Courts - last 3 years of this I have been the Case Progression Officer at Bromley Magistrates Court (Civil Service)

Colin Lane - 30, bartender.

Corey T. - disc jockey.
